

3. What do you wish to accomplish with this project?

4. What is the central purpose for the funds required? Check as many as apply to your project?

- Capital (funds provided for endowment purposes, buildings, construction, or equipment and including for example, grants for “bricks and mortar”)
- Challenge (A grant awarded that will be paid only if the donating organization is able to raise additional funds from another source(s). Challenge grants are often used to stimulate giving from other donors).
- Conference/Seminar
- Emergency (Funds needed within six months).
- Employee Matching Gifts (A contribution to a charitable organization by a corporate employee that is matched by a similar contribution from the employer. Many corporations have employee matching gift programs in higher education that stimulates their employees to give to the college or university of their choice).
- Endowment (Funds intended to be kept permanently and invested to provide income for the continued support of an organization).
- Fellowship/Professorship
- General Support (A grant made to further the general purpose of work of an organization rather than for a specific purpose or project).
- Loan
- Matching
- Multiyear/Continuing Support
- Operating Expenses (A grant to cover the regular personnel, administrative or other expenses of an existing program or project).
- Project (Funds for a specific program or purpose).
- Research
- Scholarship
- Seed Money (A grant contribution used to start a new project or organization. Seed grants may cover salaries and other operating expenses of a new project).
